The Edwardians: Age of Elegance

Explore the opulence and glamour of the Edwardian age through the lives and tastes of two of Britain's most fashionable royal couples – King Edward VII and Queen Alexandra, and King George V and Queen Mary. Click here to read about the Exhibition:

What's the Sikh link with this exhibition?

Well, not a lot really. The Royal Collection does indeed include lots of items from Punjab and North India, but none of those are included in this exhibition. There is a section in the exhibition on the Prince of Wales, later King Edward VII, who visited India in 1875-76, and the Delhi Durbar Coronation of 1911, and a number of items from India are included in the display.

A little History of the Sikhs has been invited to have 3 Community Days for our groups at the Gallery during this exhibition, based on the Heritage Days we run at Hampton Court Palace.

We plan to provide a short talk on the Sikhs during the Edwardian Age (1902 – 1919) and invited our audiences to have community group access to the Exhibition at the King's Gallery, within Buckingham Palace. For nearly all, this may be a first visit to The King's Gallery within Buckingham Palace.

Communities at the Palace!

The Royal Collection Trust aims to help as many people as possible to access and enjoy the art, architecture and history of the Royal Palaces. A little History of the Sikhs is now a registered community organisation, enabling our group to engage with art and history.
